Power of Attorney and Identification Validation

Licensed Customs Brokers are required by law to obtain a power of attorney to conduct Customs business on behalf of an importer. A power of attorney must be on file in order for a broker to sign customs and other government agency declarations as “attorney in fact”. A Customs Power of Attorney is limited to Customs and other government agency transactions only.

The information listed below must be completed on the power of attorney for individuals importing sport hunted trophy shipments and other personal items such as curios:

- Social Security Number (U.S. Residents)
- Full legal name
- Complete physical home address
- Signature and date

Individuals who are residents of the United States are recognized by U.S. Customs and Border Protection by their social security number, which is referred to as the “Importer Number”.

Customs and Border Protection, Department of Homeland Security, also require Customs Brokers to take additional steps to validate social security numbers and information contained on powers of attorney (Administrative Message 055-0441 dated 4/20/2005). Acceptable documentation required for validation is:

- A copy of a government issued ID, such as a driver’s license or passport that contains a photo and date of birth.

Coppersmith, Inc., is required by law to keep all information received in strictest confidence and will not be provided to any outside parties. Confidentiality and security of client information is of the utmost importance and we have internal policies and controls in place to ensure that personal data is safe.
